

Make your own spout

Make your own mayonnaise

Whip up a stir-fry

reDiscover the fun and function of flexibility...new measuring cups that can pour into the narrowest of openings, prep bowls that make mise en place a breeze

Mix up some salad dressing

and have lids for storage in the refrigerator or freezer or for warming things up in the microwave...mix it, pour it, heat it, store it, serve it & more.

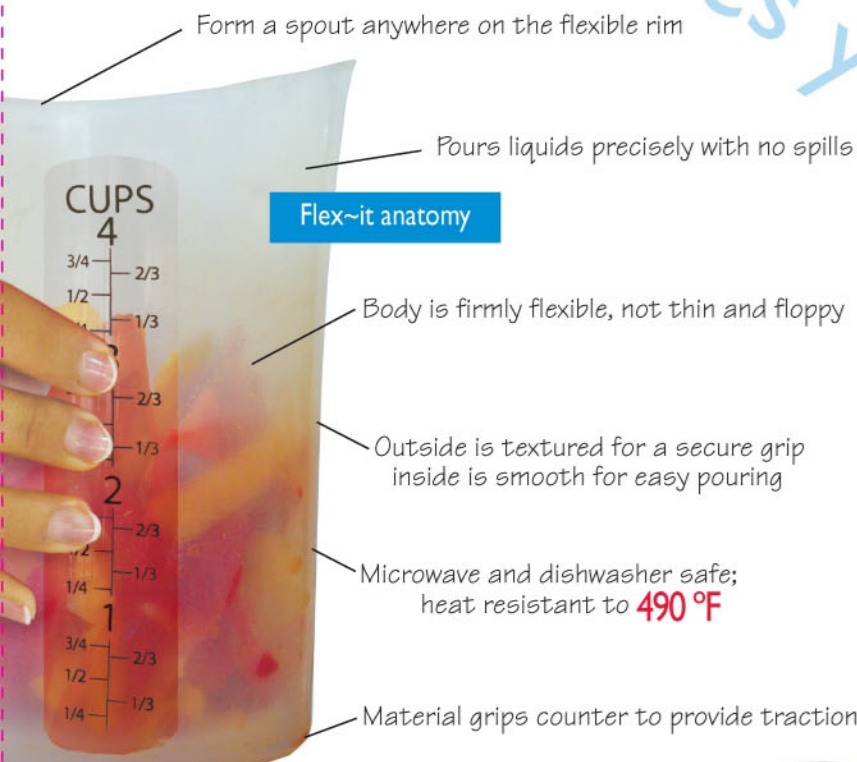

Flex~it™ Measure Mix & Pour Products

Prep Bowls

Mixing Bowls

Flexibility gives you total control

- Form a spout anywhere on the flexible rim
- Pours liquids precisely with no spills
- Body is firmly flexible, not thin and floppy
- Outside is textured for a secure grip inside is smooth for easy pouring
- Microwave and dishwasher safe; heat resistant to 490°F
- Material grips counter to provide traction

Pours easily into narrow food processor chutes Total non-slip control with one hand

- Ideal for adding dry ingredients or liquids between the bowl and body of a stand mixer
- Flexible rim forms spout anywhere when sides are squeezed for pouring directly into a narrow space like the bowl of a stand mixer

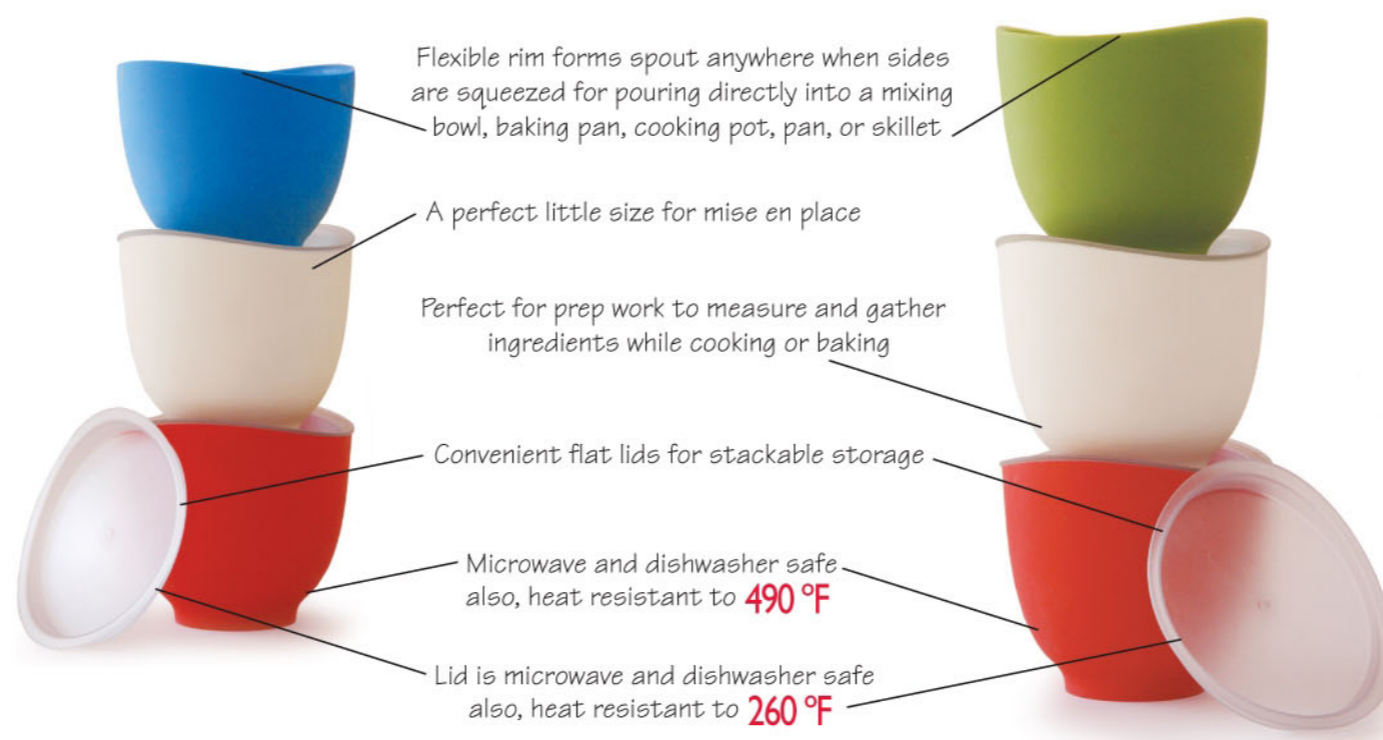

Measuring Cups

- Generous headspace prevents spills
- Measurement level indicators are clear and easy to read
- Translucent body is textured for a secure grip with two clear measurement windows
- Easy to read American measurement increment ladders
- Quick read measurement lines are accurate for precise measuring
- 4 cup size doubles as a batter bowl

Flex~it 1 Cup Prep Bowl Set
